What is *K's Kids*[®] Parents' Support Center ?

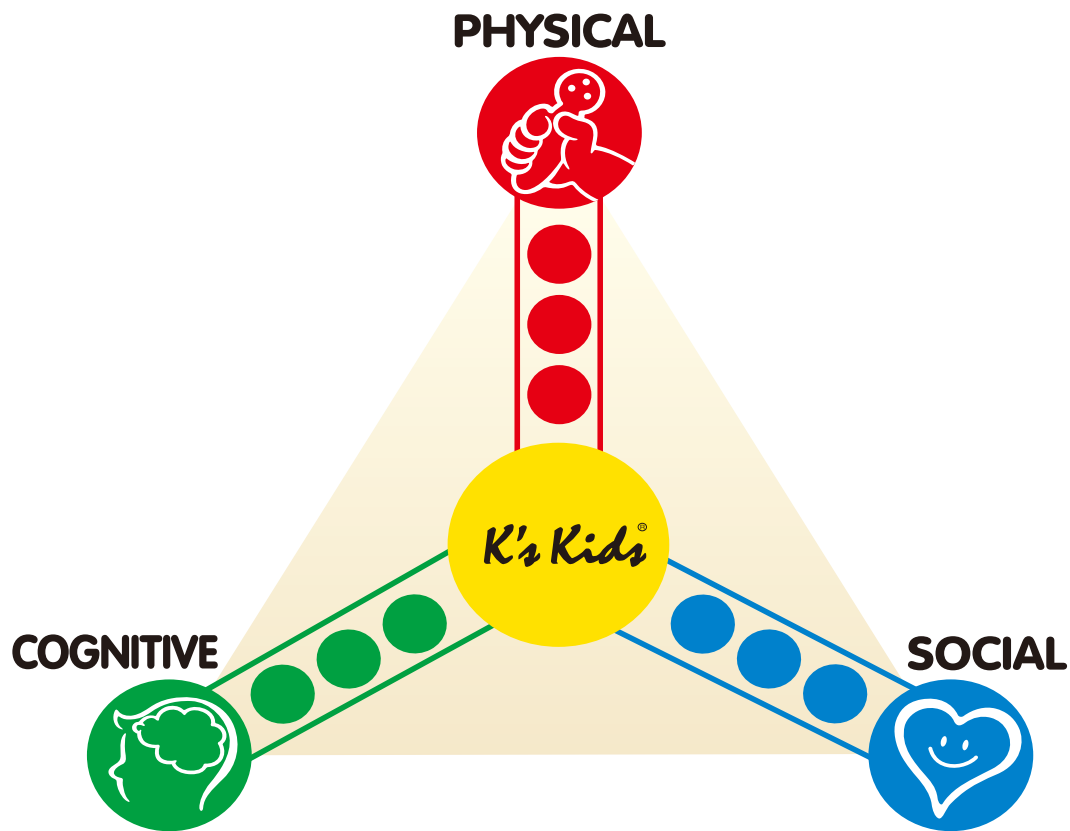

The value of a toy is not only reflected in how fun it is, but the balance of fun and education. As a child grows up, he is continually learning. A top quality toy is one which integrates educational elements with fun elements, so that the child can learn and play at the same time.

Every K's Kids product is designed based on a child's specific learning needs. This support center is here to provide comprehensive after-sales support to parents who have purchased K's Kids products. It is also here to help parents to take full advantage of the educational elements of the products. By buying a K's Kids product, parents have at the same time purchased an individually and carefully designed learning system.

The K's Kids Parents' Support Center provides guidelines on how kids can make use of the toy to have fun and learn at the same time. These guidelines are based on children's age and developmental stages.

Bring a K's Kids toy home today...and begin your journey of fun learning!

Listen, Clap & Sing Recommended Age

These are recommendations made under normal circumstances. Parents can determine which activities are most suitable depending on the progress of individual child.

Listen, Clap & Sing

Stage 1

(6 - 12M)

Listen, Clap & Sing

Activity 1.1

Objective: Listening and attention training – listening to music

Method: All three modes of the cube play music. Pat or throw the cube to activate the music from different directions. Observe if your child's gaze follows the music.

1.1

Listen

1.1

Listen

Listen, Clap & Sing

Activity 1.2

Objective: Gross motor skills training – crawling

Method: Activate the music and hold the cube in front of your child. Then encourage her to crawl towards the cube.

1.2

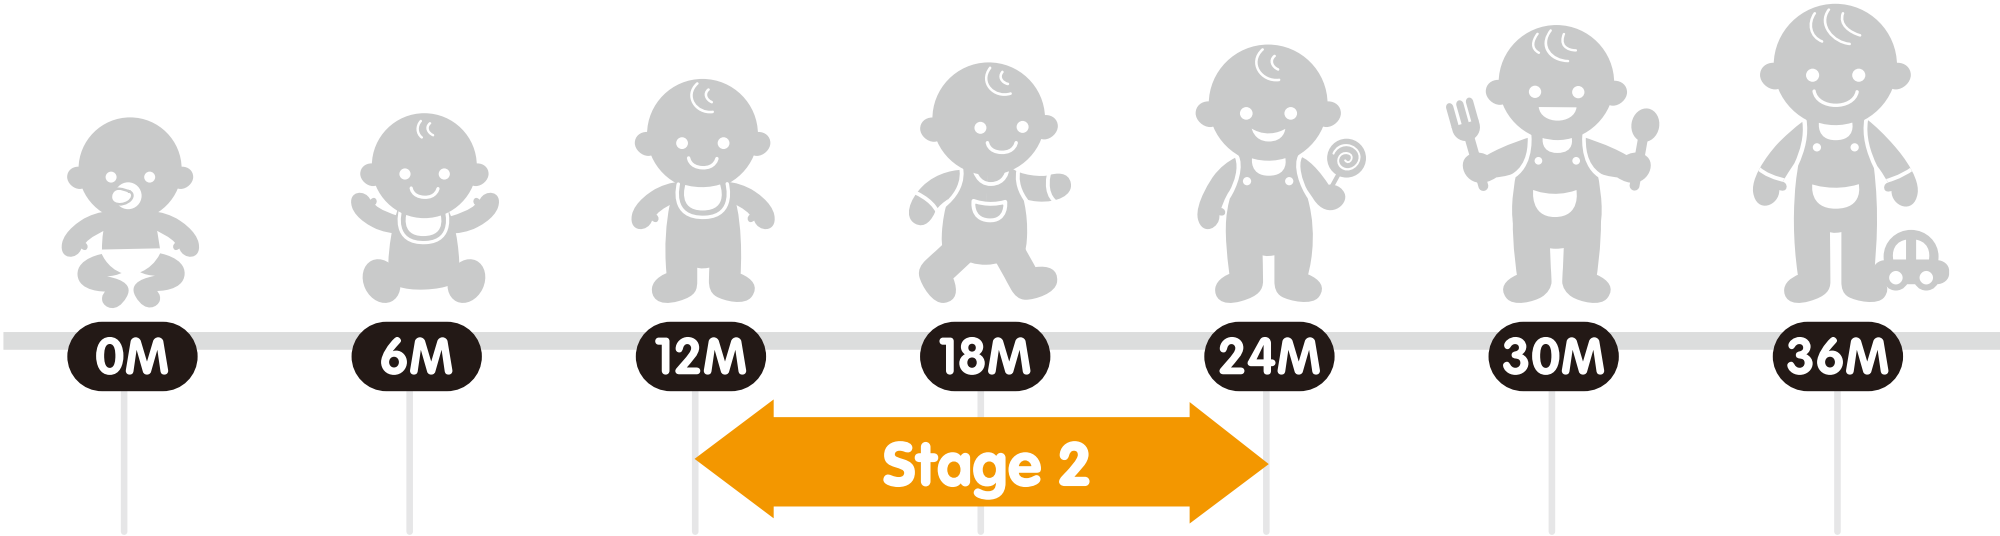

1.2

Listen, Clap & Sing

Stage 2

(12 - 24M)

Listen, Clap & Sing

Activity 2.1

Objective: Mode 1 – singing along

Method: Set the cube to mode 1 and encourage your child to throw the cube. With each throw, the cube plays different songs sung by different people and animals. This encourages your child to repeat the action, training their musicality and gross motor skills.

I'm a little teapot (Dog)

2.1.5

Twinkle Twinkle Little Star (Bee)

2.1.6

Mary Had A Little Lamb (girl)

2.1.7

Ten Little Indians (boy)

2.1.8

Old McDonald Had a Farm (Duck)

Listen, Clap & Sing

Activity 2.2

Objective: Mode 2 – clapping to beats

Method: Set the cube to mode 2 and encourage your child to throw the cube. With each throw, the cube plays different pieces of music with beats and rhythms. Children can clap, move and dance with the beats. This trains their sense of rhythm and gross motor skills.

2.2

Clap

Listen, Clap & Sing

Activity 2.3

Objective: Cognitive training - learning animals

Method: Teach children the names of different animals.

2.3.1

duck

2.3.2

Cat

2.3.3

Dog

2.3.4

Bee

Listen, Clap & Sing

Activity 2.4

Objective: Cognitive training – pointing to animals

Method: Name an animal and encourage your child to point to it.

3.1.6

Piano

Listen, Clap & Sing

Activity 3.2

Objective: Cognitive training – pointing to instruments

Method: Name an instrument and encourage your child to point to it.

3.2.1

parent

3.2.2

child

Listen, Clap & Sing

Activity 3.3

Objective: Mode 3 – telling apart different instruments

Method: Set the cube to mode 3 and encourage your child to throw the cube. The cube plays music by different instruments (based on the picture facing up as the cube lands). Children can learn the distinct sounds of different instruments.
