# What is *K's Kids*® Parents' Support Center ?

The value of a toy is not only reflected in how fun it is, but the balance of fun and education. As a child grows up, he is continually learning. A top quality toy is one which integrates educational elements with fun elements, so that the child can learn and play at the same time.

Every K's Kids product is designed based on a child's specific learning needs. This support center is here to provide comprehensive after-sales support to parents who have purchased K's Kids products. It is also here to help parents to take full advantage of the educational elements of the products. By buying a K's Kids product, parents have at the same time purchased an individually and carefully designed learning system.

The K's Kids Parents' Support Center provides guidelines on how kids can make use of the toy to have fun and learn at the same time. These guidelines are based on children's age and developmental stages.

Bring a K's Kids toy home today...and begin your journey of fun learning!

# Popbo™ Train Set Recommended Age

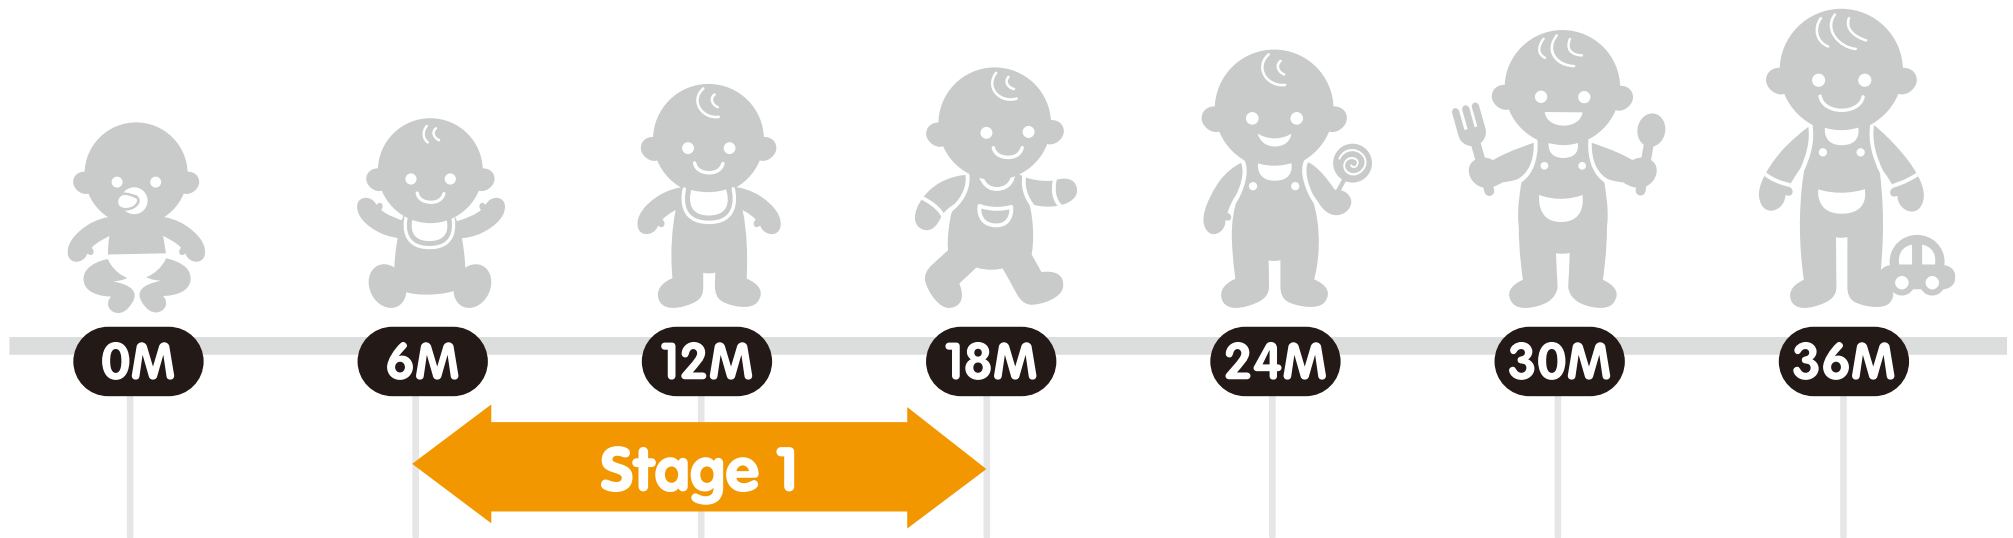

These are recommendations made under normal circumstances. Parents can determine which activities are most suitable depending on the progress of individual child.

# Popbo™ Train Set

## Stage 1

(6 -18M)

# Popbo™ Train Set

## Activity 1.1

**Objective:** Sense stimulation - touching and feeling

**Method:** The Popbo Train Set comes with soft plastic blocks of different sizes and shapes. All the blocks have different textures on them. Encourage children to touch and feel the bumpy textures on the pieces.

1.1.1

# Popbo™ Train Set

## Activity 1.2

**Objective:** Fine motor skills training - grasping

**Method:** Encourage children to grasp the plastic pieces with both their right and left hands.

1.2.1

1.2.2

# Popbo™ Train Set

## Activity 1.3

**Objective:** Fine and gross motor skills training - twisting

**Method:** Link any two of the pieces together. Encourage children to twist them in opposite directions.

1.3

# Popbo™ Train Set

## Activity 1.4

**Objective:** Fine and gross motor skills training - disconnecting Popbo Blocs

**Method:** Link any two of the pieces together. Encourage children to disconnect them by pulling them sideways in opposite directions. This trains horizontal movement in their hands and arms.

1.4

# Popbo™ Train Set

## Activity 1.5

**Objective:** Fine and gross motor skills training – pushing the train

**Method:** Encourage children to push the train back and forth along the floor.

1.5

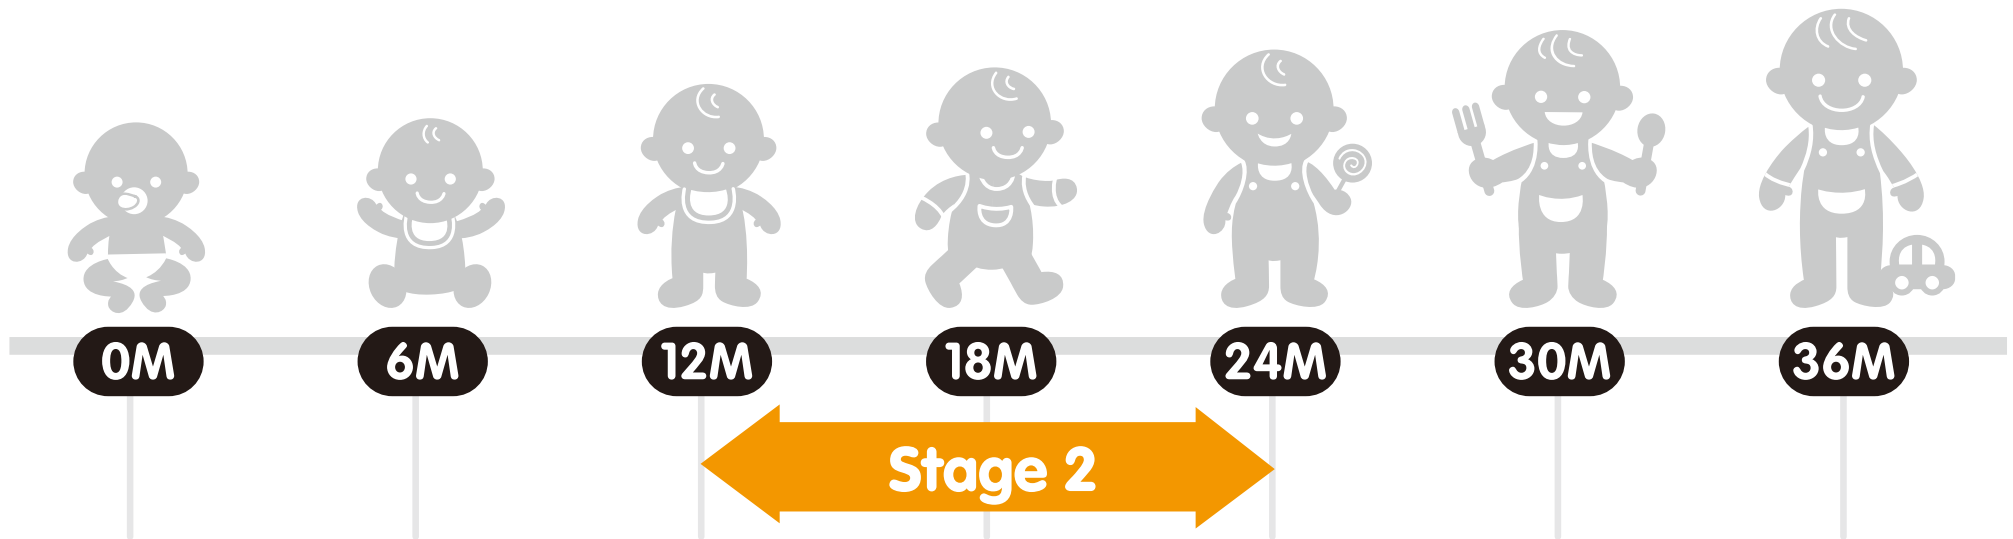

# Popbo™ Train Set

## Stage 2

(12 - 24M)

# Popbo™ Train Set

## Activity 2.1

**Objective:** Cognitive training - learning names of K's Kids characters and different transportation

**Method:** Teach children the names of K's Kids characters and different transportation

2.1

**train**

# Popbo™ Train Set

## Activity 2.2

**Objective:** Cognitive training - learning names of body parts and facial features

**Method:** Use Patrick to teach children the names of different body parts and facial features.

**2.2**

**PATRICK™**

**eye**

**ear**

**nose**

**mouth**

# Popbo™ Train Set

## Activity 2.3

**Objective:** Cognitive training - learning the difference between a cavity and a protrusion

**Method:** Use the Popbo Train Set to teach children between a cavity and a protrusion.

**2.3**

**cavity**

**protrusion**

# Popbo™ Train Set

## Activity 2.4

**Objective:** Eye hand coordination training – building the train set

**Method:** After children learn the difference between a cavity and a protrusion, allow them to connect the Popbo Blocs to create the train set.

# Popbo™ Train Set

## Activity 2.5

**Objective:** Bath time

**Method:** These plastic toys are great for bath time. Children can build with these blocks in the bath too.

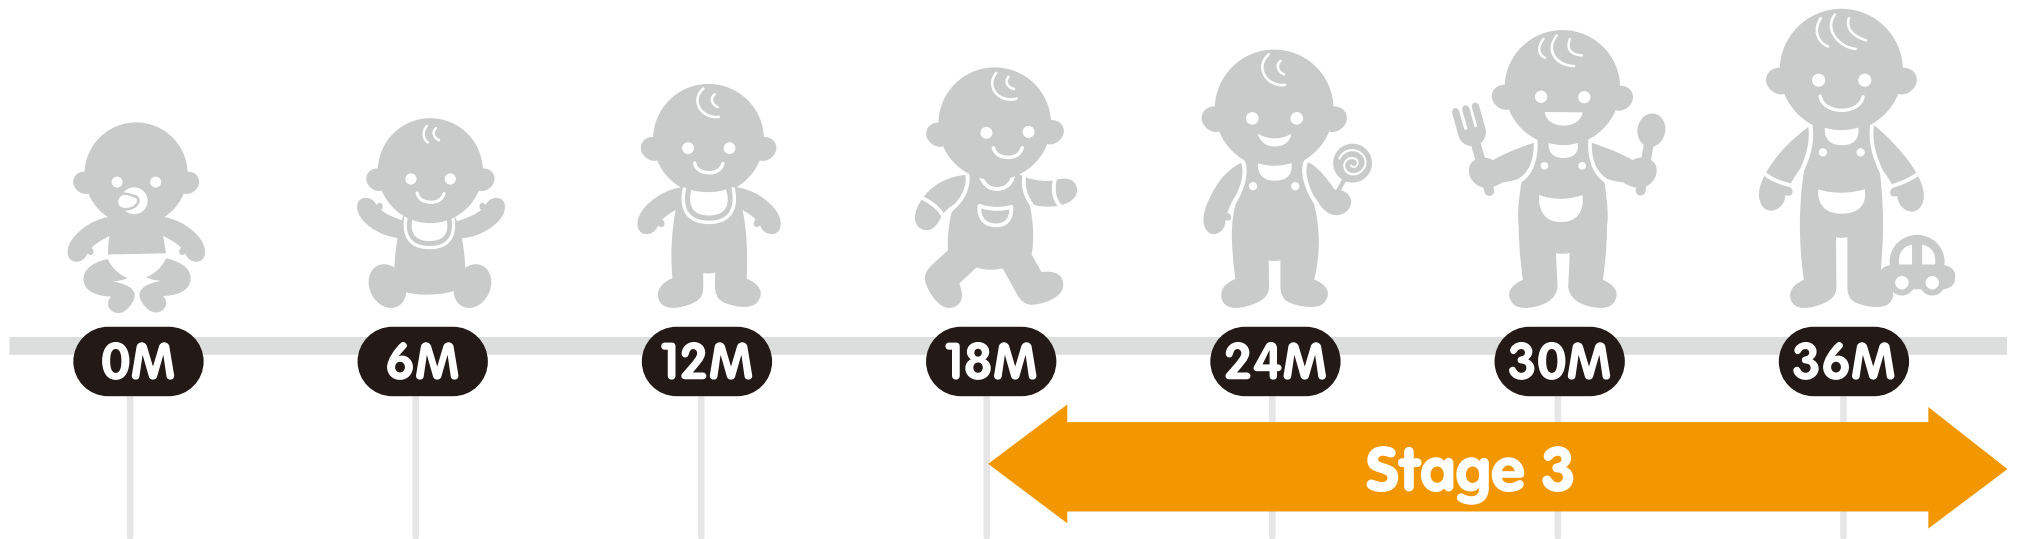

2.5

# Popbo™ Train Set

## Stage 3

(18 - 36M+)

# Popbo™ Train Set

## Activity 3.1

**Objective:** Construction training - building different trains

**Method:** Allow children to build trains of different styles and shapes using the Popbo Blocs.

3.1.1

3.1.2

3.1.3

3.1.4

3.1.5

3.1.6

# Popbo™ Train Set

## Activity 3.2

**Objective:** Construction training - building with other Popbo Blocs

**Method:** Popbo Vehicle sets, Popbo Farm sets and other Popbo Blocs are all compatible. Children can combine different sets to build new configurations. (Note: Other Popbo Bloc sets are sold separately)

3.2.6

3.2.7

3.2.8

3.2.9

# Popbo™ Train Set

## Activity 3.3

**Objective:** Self satisfaction and social skills training – car racing

**Method:** Children can build two small cars using the Popbo Train set. Children can then have a car racing competition.

3.3.1

3.3.2

3.3.3

# Popbo™ Train Set

## Activity 3.4

**Objective:** Imagination training – story building

**Method:** Encourage children to use their imagination to think of dialogue and short stories using Patrick, Sam, Ivan and the train.

3.4.1

3.4.2

3.4.3

3.4.4

3.4.5

3.4.6

# Popbo™ Train Set

## Activity 3.5

**Objective:** Storytelling with picture books

**Method:** The Popbo Bloc sets come with picture books. These can be used as background scenes for storytelling. The books are also great for learning new words.
